Dealers who get registration under VAT Act can also get registration under CST act on the occasion of their being liable to pay central sales tax.

Such dealers can avail department's e-services with common login under both the registration under VAT & CST Act.

VAT registered dealers are also subject to pay Entry tax under certain occasion. VAT Login is common for paying Entry Tax too because Entry tax is a sub-part of VAT liability. Further, VAT Login can also be used for Professional Tax, whenever applicable.
